PREFACE

This Mission Coverage Index (MCI) lists items of intelligence interest in China and North Korea covered by aerial photographic material from CHURCH DOOR Mission [] 182, dated 8 October 1963, []

[] Items in the compilation are arranged in three sections:

Section I provides summary information for a) newly identified targets, b) previously reported targets which show a change, and c) all targets showing order of battle information.

Section II provides a listing of those targets which reflect no change in facilities from previous target descriptions. The mission number shown on the photo reference line (e.g. NAC [] 000) refers to the MCI which contains the most adequate description of that target. Military installations where no order of battle can be determined are listed under this section.

Section III provides a listing of those targets which could be identified but not interpreted.

All three sections are arranged 1) by country, 2) within a country by subject, 3) within a subject by WAC area, and 4) within a WAC area by coordinates reading from south to north and from west to east.

For convenience of the user, an index to all targets has been included following Section III. Targets in the index are listed 1) by country, and 2) alphabetically by place name within each country. Column headings, photo reference data, and symbols indicating conditions which affect the appearance of the target on the photography are explained in the appendix.

The user of this MCI is cautioned that the scan of photography was accomplished in a relatively short time and often without the aid of precise analytical and mensural techniques commonly employed in detailed photographic analysis. Consequently, although the information presented herein is essentially accurate, it may be altered somewhat by additional detailed analysis.

HA-ERH-PIN COMPLEX APPROXIMATELY 95 PER CENT OF COMPLEX COVERED BY HEAVY CLOUDS AND HAZE. ONLY POL FACILITIES ON NE EDGE OF COMPLEX, PART OF SE EDGE OF COMPLEX, AND RAILROAD BRIDGE ACROSS SUNG-HUA CHIANG (RIVER) AT 45-48N 126-41E OBSERVED.	4545N 12639E	0283		42
TIENT-CHING COMPLEX COMPLEX IS A LIGHT INDUSTRIAL, STORAGE, AND TRANSPORTATION CENTER, 65 SQ MI IN AREA. LIGHT INDUSTRY PLANTS OBSERVED THROUGHOUT AREA BUT MAINLY NEAR DOCKS AND RAILROAD YARDS IN SE SECTOR. HEAVY FABRICATION PLANT (PARTIALLY UNDER CONSTRUCTION) OBSERVED IMMEDIATELY WEST OF CITY LIMITS. COMMERCIAL WAREHOUSES CONCENTRATED IN SE ALONG PAI HO (RIVER). TWO MILITARY BARRACKS AREAS AND A SUPPLY DEPOT OBSERVED IN SE SECTION. SEVERAL RAILROAD CLASSIFICATION YARDS AND SHOPS OBSERVED WITH LARGEST SITUATED IN SE SECTION. APPROXIMATELY 450 UNIDENTIFIED RAILROAD CARS OBSERVED AT 2 CLASSIFICATION YARDS ON NE EDGE OF TIEN-CHING AND APPROXIMATELY 70 UNIDENTIFIED RAILROAD CARS OBSERVED AT CLASSIFICATION YARD ON NW EDGE. APPROXIMATELY 50 UNIDENTIFIED RAILROAD CARS OBSERVED IN RAILROAD YARD IN SW SECTION. SEVENTY-EIGHT PASSENGER CARS, APPROXIMATELY	3908N 11712E	0381		67

SECTION II

THIS SECTION PROVIDES A LISTING OF THOSE TARGETS WHICH REFLECT NO CHANGE IN FACILITIES FROM PREVIOUS TARGET DESCRIPTION. THE MISSION NUMBER SHOWN ON THE PHOTO REFERENCE LINE (E.G., NAC GRC 000) REFERS TO THE MCI WHICH CONTAINS THE MOST ADEQUATE DESCRIPTION OF THAT TARGET. MILITARY INSTALLATIONS WHERE NO ORDER OF BATTLE CAN BE DETERMINED ARE LISTED UNDER THIS SECTION.

APPENDIX

EXPLANATION OF COLUMN HEADINGS, PHOTO REFERENCE DATA AND CONDITIONS AFFECTING PHOTOGRAPHY

COLUMN HEADINGS

City, Installation -- This column contains the name of the city or town nearest the installation, followed by the name of the installation. If the name of the installation is not known, it is titled according to its function. Where appropriate, the city and installation names are followed by a capsule description.

Coordinates -- Coordinates are referenced to the SW corner of the minute square. When the subject installation covers a wide area, coordinates are given for the approximate center of the installation.

WAC -- This column provides the World Aeronautical Chart number for the area in which the subject installation is situated.

Installation Numbers -- This column is divided into two subcolumns. The first subcolumn lists, when known, the BE installation number assigned to the installation. The second subcolumn lists the installation number assigned by NPIC. Installation numbers, when used to reference an

item, should be prefixed by the appropriate WAC number, since installation numbers are repeated from WAC to WAC. For example, there is an NPIC target number 0492-7 and an NPIC target number 0289-7. In each instance, the NPIC installation number is 7, but the installations appear on different WAC charts.

PHOTO REFERENCE DATA

The photo reference data indicates the frame(s) on which the installation appears.

CONDITIONS AFFECTING PHOTOGRAPHY

Following the photo reference data, symbols indicate conditions which affect the appearance of the installation on the photography. The symbols are: C (clear); SC (scattered clouds); HC (heavy clouds); SC-HC (scattered-to-heavy clouds); H (haze); CS (cloud shadow); D (darkness); SD (semidarkness); O (obliquity); S (snow); and PQ (poor image quality).
